

Belly Band Print Guidelines

Overlapping Belly Band

Overlapping Belly Band size

Size: **480x100mm** (allowing for a 5mm spine)
Bleed: 3mm

Artwork will be displayed on the front of the magazine, with your design continuing round the back, please use the size guide to centralise any text or imagery on your design. There will be an overlapping area of 100mm. Please leave a 10-15mm text free margin on the trim and folds. You can also use the reverse of the belly band for advertising if you wish.

Overlap area: 100mm (50mm each edge).
Total length of Belly band = 480mm

Belly Bands must not be supplied pre-glued or with any form of adhesive strip. Spot glue is only added when the belly band is attached to the publication by our printers.

Printing

Please note, unless specifically organised at the time of your booking, it is your responsibility to get the Belly Band printed and supplied to our printers:

If you are supplying your own printed artwork

Please send us the artwork for approval before sending to your printers, belly band should be trimmed to the size shown and delivered to **Stephens & George Print Group** to be attached to the magazine. Please use our inserts label available [here](#).

Stephens & George Print Group, Goat Mill Road, Dowlais, Merthyr Tydfil, Mid Glamorgan CF48 3TD

If you wish us to print the belly band for you
